In the *Author* box of the **1. FILL IN LIBRARY INFORMATION** section, type:

Graciano, Roderick

In the *Copyright* box of the **1. FILL IN LIBRARY INFORMATION** section, type:

© 2011 Roderick Graciano

From the pull-down **Type** menu, select **Monograph**.

From the pull-down **Language** menu, select **English**.

From the pull-down **Add field** menu, select **Alternate Title**.

In the **Alternate Title** box of the **1. FILL IN LIBRARY INFORMATION** section, type:

A Re-examination Of The Idea That Believers Are Clothed In The Righteousness Of Christ

From the pull-down **Add field** menu, select **Publisher & Publication Date**.

In the *Publisher* box of the **1. FILL IN LIBRARY INFORMATION** section, type:

Timothy Ministries

In the *Year* box of the **1. FILL IN LIBRARY INFORMATION** section, type:

2011

Click on the word **Change...** under the rectangle showing a graphic of a book in the **1. FILL IN LIBRARY INFORMATION** section. Select **AR\_Cover.jpg** from where you saved this file on your hard drive, and click the **Open** button.

Back in the **Add Book** window, In the **2. ADD BODY FILES** section, click on the **Add file...** button.

In the Documents window or file menu that opens, select **AlienRighteousness\_LC.docx** from where you saved this file on your hard drive, then click open.

Back in Logos **Add Book** window, in the **3. CREATE LOGOS RESOURCE FILE** section, click on the **Build Book** button.

The Logos program will execute a compiling protocol and the new book should open in your Logos® library in a few moments.

Please email [roderick@tmin.org](mailto:roderick@tmin.org) about typos, broken links or any other corrections needed in this book.

Once *Alien Righteousness?* is in your Logos® library:

1. You can read *Alien Righteousness* on your computer screen.
2. You can highlight and annotate passages in *Alien Righteousness* as you can any other book in your Logos library.
3. You can click on the Logos visual filters icon to show or hide page numbers in *Alien Righteousness?*
4. You can type ctrl-shift-c to show the table of contents in a left-side margin, and click on any table-of-contents heading to go to that place in the book.
5. You can hold your mouse cursor over any [blue](#) word in the book to see its link, or click on the [blue](#) word to go to the information it is linked to.
6. As in any Logos book, you can hold your mouse cursor over any Scripture reference to see the Scripture text in your favorite Bible.
7. With *Alien Righteousness?* open in your Logos window, you can click on the Logos Search icon (in the upper left corner of the Logos window), and in upper left of the search window, click the words [Entire Library](#) (following Search [All Text in](#)) — or click on the name of a collection you've already selected — and select AR Alien Righteousness? under [OPEN RESOURCES](#). Now you can type a word or Scripture reference in the [Find](#) box and search for it in the book. Logos will list all the occurrences of your word or Scripture reference in *Alien Righteousness?*
8. With *Alien Righteousness?* open in your Logos window, you can simply type ctrl-f to open a [find](#) box in the upper right-hand corner of the book window. When you type a word in this box, Logos will highlight the next occurrence of that word in *Alien Righteousness?*
9. From the Table of Contents at the beginning of *Alien Righteousness?* (or in the sidebar contents outline), you can go to the Scripture Index by clicking on **Scripture Index**. In the Scripture Index you can see all the pages of the book on which any listed passage occurs. Clicking on a page number in the Scripture Index will take you directly to that page.

10. You can instantly read footnotes by simply holding your mouse cursor over a footnote reference number in the text.
11. You can select the Tools menu, then Collections under the Library heading and create a new collection of “theological works” in your library. This will allow you to search only theology books instead of your whole library, when you choose to so limit your search. Once you have a named “theological works” collection, click on the book icon in the upper left corner of your Logos window (next to the home icon) and type *Alien* in the *Find* box. You will see the *Alien Righteousness?* title and cover icon appear in a short list of books. Click and drag *Alien Righteousness?* from this list and drop it in the [Drop resources or collections to add here](#) under your collection heading. Now Logos will search *Alien Righteousness?* whenever you search your “theological works” collection.

ENJOY!
