

Answer To Prayer

Rejoice with us that our son-in-law Mikhael Gemayel has safely returned from Beirut, Lebanon. His visa had been held up since last spring, requiring a long geographical separation from our daughter Rachel, but the paperwork finally went through and he arrived in Virginia on December 28th.

Equipping Others

Rod continues equipping others for their own ministries and works of service. The Greek New Testament fellowship he leads on Saturday mornings, and the course he teaches at the Anthem School of Ministry in Olympia are currently bearing much fruit. Kaaren is working hard nurturing our grandchildren, particularly the eldest whom Kaaren is helping home-school. Both Rod and Kaaren are

also supporting friends Dan and Hillary Donohoue as they plant a new church in Parkland, WA.

New Book Almost Ready

In the latest season of his life, Rod has continued to develop his skillset as a theologian. Bible software has made research possible that once required travel to Chicago or Oxford, and Rod is making good use of these new tools. He has just finished writing a substantial book on the theologically related topics of **baptism** and **original sin**. As soon as the proof readers finish with it, and final corrections are made, we will make this book freely available on the Timothy Ministries web site.

Ministry Partners

Timothy Ministries continues to serve as a support hub for the Keith Family in Bonney Lake, WA, and the Varghese Family in Kerala, India, as well as for the Medical Evangelism missions led by Dan and Rosanne Thompson. We are excited that the Thompsons have scheduled a return mission to Myanmar for this coming June. On a previous mission to this location, they were able to see a witch doctor and his entire village turn to Christ. Thank you for your part in these various ministries that our Timothy family partners with (2Co 9.12). We appreciate you!
